

RAVO Primary School

Two dormitories at rural school in
Mayuge District.

Project Overview:

Two dormitories were built at RAVO primary school to allow it to house over 100 children. RAVO functions both as a school and as a refuge for aids victims and orphans and so these new facilities will help it along in its mission. The funding for this project came from a private donor who had a connection with the school and was keen to help where they could. Our thanks go out to them.

Feedback:

These dormitories are the best buildings I have seen! Thank you! - Jokaan, HM

Total Cost: \$23,000

Project Number: 086
