

**TITLE: Kimenyulo  
Primary School (1V6)**

**END DATE: February  
2015**

**PROJECT: Training of  
6 local men**

**LOCATION: Kamuli  
District**

## **PROJECT OVERVIEW:**

This year long project has successfully produced six young Ugandans with the training skills of construction. The school now boasts a new three classroom block, kitchen, latrines and two water tanks all made from HYT's eco-friendly building material, ISSB.

The six graduates all hope to continue to work with HYT over the coming years to further develop their skills.

## **FEEDBACK / COMMENTS:**

*"The new buildings are both, breathtakingly beautiful and extremely useful"* Headmistress, Elizabeth
